Effects of Beta-Blocker Withdrawal in Acute Decompensated Heart Failure: A Systematic Review and Meta-Analysis

J Am Coll Cardiol HF 2015;3:647-53

A CI value in the Short-Term Mortality section was printed incorrectly.

There was no difference between this pooled estimate and the RCT estimate, and moreover, the combined estimate minimally changed with the addition of the RCT (RR: 1.61; 95% CI: 1.04 to 2.79) (Figure 4B).
